

fee table for SUSU commUNITY Farm facilitation, consultations, and speaking engagements

*inspired by Soul Fire Farm

Thank you for your interest in collaborating with us. SUSU offers many of its programs, events, and workshops centering people of the global majority low to no cost. Facilitation, consultations, and speaking engagements are one of the ways we offset the cost of all the deeply needed work that we do on our afroindigenous farm and healing space. we use an equitable sliding scale based on the budget and mission of the organizations, venues, or institutions hosting us. The funding we receive from white-led organizations and institutions with access to wealth stolen and generated on the backs of our ancestors and current day kin is used in a process of redistribution to support us in providing our services to people we serve who are directly impacted by the generational harm caused by these systems, structures, and institutions. 100% of your fee goes to our operating budget to fund programs like our box of resilience, storyteller gardens, and youth to liberation pipeline and does not benefit any single individual.

Please do not hesitate to contact us if you cannot afford the fees- we may be able to work something out for values-aligned organizations committed to the collective liberation of people of the global majority.

*please budget additional funds for travel, meals, and lodging. the table below shows only the honorarium

	Lecture or Panel - up to 2 hrs	Workshop (in person or virtual) - 2.5 to 8 hours	Pre-Recorded - up to 1 hour
Colleges and Universities, Nonprofit Organizations, and Private Schools with Annual Budget over \$1,250,000	\$3,000-\$6,500	\$4,000-\$8,000	\$450-\$1,000
